● URBAN VISIT : BANGKOK.TOWARDS A MORE WALKABLE CITY

Urban Design and Development Center (Uddc) and Bangkok Metropolitan Administration (BMA) will take you for an urban visit of the Green Bridge. This project currently underway is designed to favor soft and safe ways for pedestrian and cyclists to move around in Bangkok. Come and discover this unique urban, environmental and social setting, located near the Alliance Française of Bangkok.

● THE LIVING LIBRARY : WHERE BOOKS ARE PEOPLE

The Living Library is a library where books are people; in this case the books are women engaged in environment who will dialogue directly with readers of their lives by telling a story and exchanging on a facet of their lives, culture, work experience and commitments.

With Niramon SERISAKUL, Director of Urban Design and Development Center, Adèle ESPOSITO, CNRS researcher, Nanticha "Lynn" OCHAROENCHAI, environmental writer and climate activist who founded Strike Thailand, Somsook BOONYABANCHA, from the Asian Coalition for Housing Rights, Witee WISUTHUMPORN, Coordinator of Community Architect Network and Siriporn SRIARAM, acting head of office at IUCN

● VIDEO GAME : THE CHOICES WE MAKE

Mobile game developed by students of ISART Digital, French video game/animation school.

Make people work together to save the ecosystem of an endangered world! Explore a planet full of problems, discover and transform objects in order to restore the planet via 4 channels: Forests, mood of citizens, economy and pollution!
